

Newton Abbot Fishing Association

Junior Newsletter May/June 2011

Very quiet recently despite all the fish reported Junior's seem reluctant to send me catch details. Don't be shy let us know how you get on. **Results from matches are always good to hear as well.**

Charlie Rorke continues to bank the big Carp from Dores using a variety of methods and not far behind is Elliot Fay who stil gets among the big fish regularly. If you visit the website you can see pictures and details there. Speaking of the new website there is a Forum area where you can register, start discussions with your mates, post catch details and comment on various topics. Registration is free so just fill in the online form and get typing!!!! I will also be posting newsletters on the site for those not on the mailing list.

The Club has become and eel friendly club so take a look at our homepage and click on the green button to find out more about the scheme. Register any big eel catches via the club E mail.

Finally don't forget the Fish for Free day at Rackerhayes on August 6th. It is a great day out with lots to do and see so bring a friend along and get them involved in the sport. Posters are going out to schools so keep your eyes open.
